value box

Directions: Bring a box to school that contains three to five items that you value, treasure, or that represent something important to you. Be ready to share your Value Box with the class by _____.

During your Value Box presentation, you will share with the class why you selected each item. Mentally prepare what you will say about each item, but you don't have to write anything down, unless it helps you. A suggestion would be to share your Value Box with your family to help you feel more prepared by the due date above.

Goal: To share ourselves with our class.

Criteria:

- ✓ The box should be no larger than a small shoe box.
- ✓ Your box should have three to five items that fit in the box. If the items are too large or valuable, bring a photograph or drawing of the item.
- ✓ Be prepared to share the items in your box and explain why you chose each one.
- ✓ Take time to think about what you truly value and care about and pick items that represent these ideas, things, or people.
- ✓ Bring the box and items to school on _____.
